	String Pro		9x14 SpringPro	2021	-	-	-	-

Note:

Due to Covid 19, the normal supply flow in 2020 has had many extra and ongoing challenges, so far unexpected delays have been common. Production flow is gradually improving however shipping channels are also experiencing bottlenecks, we will constantly update with the latest status. Long wait times to restock all warehouses this year has had a large impact with what stock can go into each. To enable some production to be made in time for Christmas we have had to limit our range, we anticipate this to improve throughout 2021. Unfortunately, even with pro-active measures in place we are on track to only receive 60% of our 2020 order, so have now closed the Adelaide warehouse. Some (or all) stock is pre-sold prior to arrival, so to avoid disappointment you can secure your item with a Pre-Order. By Pre-Ordering with a 20% deposit, your item is then allocated to you for when the shipment arrives. Pre Orders can be only be done via the phone, where we can discuss availability and your timeline requirements etc.

Currently In Stock?

Now Avail	Yes	Now in stock, available for normal "Pick Up" or "Home Delivery Shipping" Australia wide from the warehouse shown
Month Due	No	Stock is made and now on a ship, currently in transit to one of the warehouses.
Month Due	No	Stock is made and now waiting for a ship
Month Due	No	Stock is in process of being made = reasonable confidence in date.
Month Due	No	Manufacturing schedule is confirmed, date can still vary either side of estimate.
Month Due	No	Stock ordered, manufacturing scheduled dates not firm yet, date can still vary either side of estimate
